Comment.

a train with troops and another train with tanks were unloaded in Olmstedt and Collitz on 19th and 21 August 1950.

50X1-HUM

The observation of the 57th Gds Rtz Rifle Div agrees with information on the unloading of tanks and SP guns of this division in Haldensleben on 19 August 1950.

Motor vehicle belonging to elements of the Eighth Pz Army were reported from Letzling Heath for the first time. It is not believed that the troops unloaded in Olmstedt and Collitz belonged to the Eighth Gds Army because they came from Jucterlog and Patzkorn. Since elements of the 20th and 21st Pz Pocz Divs of the Eighth Gds Army moved to Letzling Heath for short tactical demonstrations after mid-July 1950 along with elements of the 57th Gds Rtz Rifle Div, it seems possible that elements of the 220th Div Tank SP Regt also went to that area.
